Dear Mr. Weisberg,

Thank you for your letter dated 2/26/97.

I did as you suggested and contacted Dr. Gerald Ginocchio regarding the expanded version of Case Open.

He has responded and forwarded a copy of the disc containing this work.

I am now involved in printing out the contents and will soon be the proud owner of, I suppose, the only copy of Hoax in the U.K. I am honoured.

I do hope you are feeling better, and, in case no one has said this lately - thank you for all the work over all the years.

Yours sincerely,

George Huthinson
